**Joyously we announce Peter Langner as the honored recipient of this distinguished award  
THE LIFE TIME ACHIEVEMENT AWARD**

Peter Langner celebrates today a 30 year career, years in which he helped change the face of bridal to what it is today...fashion. After working alongside the masters at the houses of Christian Dior, Emanuel Ungaro, Guy LaRoche and Christian Lacroix he founded his own renowned company in 1991 in Rome, Italy. His unique architectural designs separated him from the rest of bridal and he quickly became respected and loved on all continents. In 2015 Peter Langner moved his staff and designs to Milan, Italy where he continues today to lead bridal fashion forward.

But where did Peter actually start? He began with a challenge at the age of 24. The Director of his design school, the world-famous Ecole de la Chambre Syndicale de la Couture Parisienne noticed his talent and asked him to create for her daughter her wedding gown. And so, a new life, career and adventure began.

*"Thank you so much Elle Magazine and your editors for this beautiful award that I wasn't expecting. Thank you for giving me and other great designers the possibility to show our work. I want to thank my whole team, my seamstresses and the staff from our offices, for all the support: not only the support I had at the very beginning, but the support they have continued to show through these difficult times. They keep helping me grow this company and create beauty and elegance."*
